Professional Summary

Third-year Electronics and Communication Engineering (ECE) student with a strong interest in software development and problem-solving. Skilled in Java, Python, Data Structures & Algorithms, SQL, and Full-Stack Development, with hands-on experience building practical web and database-driven projects. Seeking opportunities to apply technical skills and gain industry experience in software development.

Technical Skills

Programming Languages	Java, Python, C, JavaScript
Web Technologies	HTML5, CSS3, Bootstrap, Flask
Database	MySQL
Deployment	Vercel, Render
Developer Tools	Git, GitHub, VS Code, Postman
Core CS Concepts	Data Structures & Algorithms, OOPs, DBMS

Projects

- Student Database Management System**
Tech Stack: Python, Flask, MySQL, HTML, CSS, Bootstrap
 - Developed a web-based Student Database Management System with secure admin authentication.
 - Implemented complete CRUD functionality for managing student records using Flask and MySQL.
 - Designed a responsive admin dashboard with search and filtering features for efficient record management.
 - Integrated MySQL database for persistent storage and optimized SQL queries for faster data retrieval.
- Personal Portfolio Website**
Tech Stack: HTML, CSS, Javascript
 - Designed and developed a responsive personal portfolio website to showcase projects, technical skills, certifications, and contact information.
 - Implemented smooth navigation and responsive layouts for desktop and mobile devices.

Experience

- Full Stack Development Intern (Ongoing)

Aug 2026 - Sept 2026

Thiranex | Remote

 - Working on industry-oriented full stack web development projects under expert mentorship.
 - Developing responsive web applications using modern frontend and backend technologies.
 - Collaborating on project-based development while following software development best practices.
 - Enhancing practical knowledge of database integration, version control, and deployment workflows.
- Full Stack Development Intern

Jul 2024 - Oct 2024

Pantech Solutions (Warriors Way)

 - Completed a Full Stack Development internship focused on building dynamic web applications.
 - Developed frontend interfaces using HTML, CSS, and JavaScript.
 - Worked with backend development concepts and database integration.
 - Gained practical experience in developing, testing, and deploying web applications.

Certificates

- | | |
|---|---------------|
| AI Tools & ChatGPT Workshop – be10X | April 2026 |
| Full Stack Developer Workshop – GUVI-HCL | February 2026 |
| AI-Driven Robotics–Driverless Car Workshop – UniConverge Technologies & The IoT Academy | April 2026 |
| Chatbot Development Workshop – Data Science & AI/ML Club, ABSECC | February 2026 |

Education

B.Tech in ECE (AKTU)	Sep 2024 – July 2028
ABES Engineering College	CGPA-7.5

Achievements

Senior Executive (LevelUp Dance Crew)	2026-27
Manthan 2025 Winner	2025
